Commissioner for Patents

Sir:

Pursuant to the provisions of 37 CFR § 1.56 and §1.97-§1.98, Applicants hereby submit the attached Substitute Form PTO 1449 listing a single reference, which they believe may be material to the examination of this application and in respect of which there may be a duty to disclose.

This reference is a Notice of Allowance from a related U.S. patent application that has been published. As this item is from a published patent application, Applicants believe that no copies of any documents are required to support this citation. Applicants are bringing this Notice of Allowance to the attention of the Examiner pursuant to McKesson Information Solutions v. Bridge Medical, 487 F.3d 897 (Fed. Cir. 2007).

While the reference disclosed in this Information Disclosure Statement may be “material” pursuant to 37 CFR § 1.56, submission of this IDS is not intended to constitute an admission that said reference is “prior art” for this invention.

In accordance with 37 CFR § 1.97(g), the filing of this Information Disclosure Statement shall not be construed to mean that a search has been made or that no other material information as defined in 37 CFR § 1.56(a) exists. It is submitted that this Information Disclosure Statement complies with 37 CFR § 1.98 and MPEP § 609, and the Examiner is respectfully requested to consider the listed reference.

This IDS is being submitted before the mailing of a first Office Action following the filing a Request for Continued Examination under §1.114 that was mailed to the USPTO on March 17, 2009. Therefore, Applicants believe that no fee is due. While Applicants believe that no fee is due, the Commissioner is hereby authorized to charge our Deposit Account No. 07-1445 for any fees required in connection with the filing of this Information Disclosure Statement.

Respectfully submitted,
